## **23 Dec 2020**

Note the newline on the first line. I found that sometimes pandoc won't add two newlines to concatenated files and will cause formatting issues from Markdown, so I add a blank line at the start to help mitigate that.

I also added a `\newpage` directive to this first note file so that the table of contents will have its own page.

## **24 Dec 2020**

These are my daily notes for christmas eve!

## **25 Dec 2020**

It is finally Christmas!
